

FRB20231206A

10"

This figure shows a radio telescope image of the Fast Radio Burst (FRB) 20231206A. The image is a square plot with a black border. The background is a noisy, pinkish-purple color. A bright, elongated, yellowish-white source is visible in the center. A horizontal black line is drawn below the source, and the text "10\"" is placed below the line, indicating a scale of 10 arcseconds.
