

FRB20231229A
 $z=0.02$

The image is a square astronomical field of view with a black border. It shows a dense field of galaxies, primarily in shades of blue and white, indicating high surface brightness. The galaxies vary in size and shape, with some appearing as distinct, bright spots and others as more diffuse, elongated structures. The background is a uniform, light blue color, suggesting a deep-sky exposure. The text "FRB20231229A" and " $z=0.02$ " is overlaid in the top left corner in a large, black, sans-serif font. In the bottom left corner, there is a small horizontal black line above the text "3\"", which serves as a scale bar.
